EVEREDGE[®]

THE EDGING COMPANY

EverEdge – a brilliant, simple and long lasting way to maintain tidy garden edges. Each length of EverEdge incorporates six spikes (the spikes and the edge are all one piece), the lengths are also designed to lock together and keep a level top edge. **EverEdge** is suitable for all projects large or small and can be used to edge a wide variety of materials including synthetic grass, pavers, rolled tarmac, gravel and pebbles as well as different soils and all natural grasses.

EverEdge comes in 1 metre lengths with depths of 75mm, 100mm or 125mm and a 1.6mm gauge. The spikes are 95mm long. Powder coated colours are brown, black and green. **EverEdge** is also available in a Cor-Ten[®] rusted finish or a plain galvanised finish.

EverEdge has stockists throughout Australia (as listed on our website). For areas not covered by our stockists EverEdge is also delivered Australia wide through online orders on our website.
